Discover the *Magic*

Unlock the secret to our exceptional beauty, durability, security, and peace of mind.

Beauty.

Express *yourself*

Choose from a wide selection of stunning glass designs, panel layouts, and handle sets to enhance your home's elegance.

Enjoy long-lasting beauty with a high-quality, consistent factory finish.

Security.

Protect what matters most

Select a multi-point locking system for enhanced security and weather performance.

Some multi-point locking systems are compatible with keyless entry deadbolts.

Durability.

Built to *last*

Fiberglass construction: Extremely strong, durable, and resistant to warping and rotting.

Optional Composite Frames: Provides stability and durability in any weather.

Professional Finish: Our doors feature a consistent, high-quality finish, with a double-layer topcoat for a durable and low-maintenance finish that lasts.

Peace of Mind.

Sit back and *relax*

Relax with confidence, backed by our 10-year finish warranty and Therma-Tru's lifetime warranty for ultimate protection.

Energy Efficiency: Embrace cost savings and comfort with improved insulation.

Low Maintenance: Enjoy hassle-free living with our durable materials that require minimal upkeep.

Reeb® Finish

PrismaGuard® Finish

PrismaGuard® premium finishes are handcrafted and expertly applied in a carefully controlled setting. These finishes are designed to be long-lasting, providing confidence and peace of mind. The premium finish was thoroughly tested using specialized equipment to ensure it will maintain a high-end appearance with minimal maintenance and protect the door's color for years to come.

- Designed for optimal performance with Therma-Tru® fiberglass doors
- Features enhanced durability to protect from everyday wear and tear
- Enhances the overall beauty of the entry with a nature-inspired color palette of premium stains and paints

Reeb® Finish *PrismaGuard® Paint*

A versatile color palette featuring elegant, modern hues and bold, rustic tones provide exciting options to achieve the look you desire. The two top coat layers product additional depth and resistance to fading. For a complete entryway solution, several color options match Reeb's door accessories.

Learn more about the Reeb Finish Paint process on **page 6**
View our Paint offering on **pages 8-36**

Reeb® Finish *PrismaGuard® Stain*

A superior staining system for fiberglass doors that produces a uniquely realistic and durable finish. Skilled Reeb Finish craftsmen hand-brush each component of the door to enhance its deep embossments and authentic grain patterns. Two top coat layers highlight fine details and ensure superior endurance and protection from the elements.

Learn more about the Reeb Finish Stain process on **page 40**
View our Stain offering on **pages 42-65**

Warranty: All finishes on fiberglass doors are backed by a 10-year limited warranty and Reeb's unmatched reputation for quality and customer service. Visit reebfinish.com/warranties for complete warranty information.

PrismaGuard® Paint

The Reeb® Finish Paint System

Each component of the door unit is finished separately which produces a much more consistent result than trying to finish a pre-assembled unit. Each step in the carefully controlled process is crucial in crafting the most authentic, longest-lasting finish possible. The 5-step process starts with a meticulous inspection and preparation, and moves to the application of three finish coats: a base coat, an initial top coat, and a final top coat. Together these provide maximum durability and protection. Lastly, the finished components are inspected, assembled and packaged for delivery.

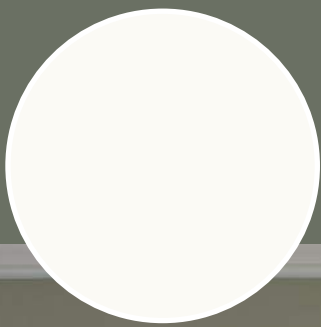

Reeb has developed a Paint Swatch Deck, which provides the best visualization of the final paint color. Each set contains samples finished in Reeb's 22 paint options. We strongly recommend using these paint decks when choosing a color.

Express your Individuality

Inside & Out

Selecting the perfect color for your front door is a decision that goes beyond aesthetics. Whether you're seeking a color that harmonizes with your home's overall theme, creates a seamless frame, provides a striking contrast, or adds a touch of individuality, our wide range of colors ensures that your front door becomes a statement piece that welcomes all who enter.

Choosing the Right Color for Your Home's Entrance

Split Finish

Complement the interior and exterior designs with two different colors

Create Contrast

Make your door the standout feature

Edge-to-Edge Color

Finish the frame for a seamless appearance

Unique Style

Showcase your personality and home's style

INFINITETM *possibilities*

From vibrant, head-turning shades to soft, classic tones, you can make your entryway truly *one of a kind.*

Now, in addition to the Reeb® Finish or the Therma-Tru® offering, provide any Sherwin-Williams® color code for us to match**, to create a unique statement that elevates your curb appeal.

Easy as

1

Choose your door style.

2

Pick your color from an infinite possibility!

3

Receive your door and install upon arrival.

Get ready to *transform*
your home with what feels
like Infinite Possibilities!

Visit reeb.com/infinite-possibilities
to learn more.

** The color used by Reeb is created from a color match process. The color created and applied by Reeb can be affected by various elements which can lead to slight variations from the color you selected. Reeb is not affiliated with any paint manufacturer/supplier and may use the paint of any paint manufacturer/supplier to match the selected color.

PrismaGuard® Stain

The Reeb® Finish Stain System

Each component of the door unit is finished separately which produces a much more consistent result than trying to finish a pre-assembled unit. Each step in the carefully controlled process is crucial in crafting the most authentic, longest-lasting finish possible. The 6-step process starts with a meticulous inspection and preparation, and moves to the application of four finish coats: a base coat, a stain coat which is hand-brushed, an initial top coat, and a final top coat. Together these provide maximum durability and protection. Lastly, the finished components are inspected, assembled and packaged for delivery.

Reeb has developed a PrismaGuard® Swatch Kit for each grain, which provides the best visualization of the final stain color. Each kit contains grain samples finished in Reeb's 12 stain options. We strongly recommend using these swatch kits when choosing a color.

On-Guard® Frames

To achieve the maximum level of protection for your entire door unit, we recommend using an On-Guard composite frame whenever possible.

On-Guard Smooth Grain Frames

Smooth Grain is the application of PrismaGuard® stain on a smooth On-Guard Primed frame. This option imitates the natural look of real wood with a 10-year warranty.

On-Guard Primed

On-Guard Smooth Grain
stained in PrismaGuard

On-Guard Composite Frames:

- Feature a 10-year warranty with Reeb® Finish Stain or Reeb Finish Paint products
- Will not warp, splinter or rot
- Will not absorb water
- Require less maintenance than solid wood

On-Guard Straight Grain

Wood Frames

Reeb Wood frames are a mill option wood which provide a strong, reliable foundation for a beautiful finish. When finished with Reeb Finish, Reeb Wood frames feature a 1-year warranty.

PanoLock+ Multi-Point Lock

Protect What Matters Most with PanoLock+

Discover the Perfect Combination of Security and Beauty.

PanoLock+ is the first and only multi-point lock that works with a wide variety of off-the-shelf hardware, including electronic deadbolts! That's affordable security and performance for every Reeb® Finish entry door unit.

PanoLock+ is compatible with many handleset designs. Matching hardware throughout the house is now possible.

PANOLOCK+
MULTI-POINT LOCK

PanoLock+ *Security*

PanoLock+ delivers the strength of three locking points of uncompromised protection. No weak hooks or catches. Just tested, proven **strength**.

Three points of contact

Protection against warping

Works with electronic locking systems

Ensure a tight closure

Ease of operation

Choose a finish to match your home's decor

Impressions™ Integrated Storm Door

Available exclusively with a Reeb® Finish unit.

The Impressions integrated storm and entry door system is the first of its kind, with the storm door integrated flush into the brickmould portion of the door frame, creating a purposeful, cohesive unit that provides a seamless look.

1. The Impressions door works with the QuickFit™ hardware options which feature on-trend designs and finishes. It pairs well with Therma-Tru® lever-style handlesets - Heirloom, Venture and Millennium; it is not suitable for use with grip-style handlesets.

2. The Impressions system comes standard with composite brickmould and an aluminum storm door panel. For added protection from rotting, choose a composite frame.

3. The storm door features a modern profile with mitered corners for a sleek, on-trend look that emphasizes the beauty of the entry door. The storm door panel fits into Therma-Tru's flat-profile composite brickmould.
